Bridge the Summer Reading Gap

Did you know that children who don't read enough over the summer will lose up to three months of progress? Or that children who do a lot of reading and learn new skills in the summer will gain up to three months?

Students in our programs bridge this summer reading gap by doing a lot of reading and developing strong skills.

Enroll your child now for a fun and productive summer program that will make the next school year a big success!

Teachers

Programs are offered by the Center for Adult Education at the University of Evansville, a nonprofit organization. Classes are taught by instructors from the Institute of Reading Development.

"I would like to thank you for such a positive outcome with my son James. He learned skills that have translated into wonderful grades, and more importantly, have given him more confidence in his reading abilities. He has actually asked to go to the library to pick out a book!"
