

End of the Grading Period (Jorgensen)

The end of the grading period is near. Below are the dates for collecting notebooks.

Math:

March 4th

Social Studies:

March 2nd

Science:

March 5th

Please check notebooks to make sure they are complete. All the notebooks are online (<https://mrjorgensen5thgrade.weebly.com>). All notebooks are graded as is when turned in. Students are not allowed to resubmit notebooks for grading.

Students with missing assignments have until the end of the school day (3:20 pm) on Friday, March 6th, to complete and turn in missing assignments (including notebooks) for a grade. All copies of assignments are posted on mrjorgensen5thgrade.weebly.com, including links to Bill Nye videos. You can check RDS for current and missing assignments, but I have also given students with missing assignments a report. Your student can print, complete, and turn in the assignments. If they are unable to print from home, they may complete the work on a separate sheet of paper. Please include the subject (topline), name (second line to the left), date (second line to the right), and assignment title (fourth line center) on the missing assignment.

Sincerely,

Mr. Jorgensen
